GREATER CLARK COUNTY ATHLETIC PROGRAM

INTRODUCTION

The purpose of this booklet is twofold: (a) to increase the understanding of our athletic program's policies and recommendations, and (b) to stimulate the achievement of educational objectives in elementary school athletics.

This booklet is concerned primarily with athletic activities for boys and girls in the elementary schools.

School athletics in this booklet have been defined to include school sponsored physical activities in the form of the intramurals, competitive games and sports in which students participate. Athletics should be the outgrowth of a good physical education program, and prepare students for future participation in middle and high school athletics.

PHILOSOPHY

The purpose of the athletic program in the Greater Clark County School Corporation is to offer a well-rounded program which emphasizes extensive participation, varied exposure, and basic skill development. In order to fully meet this obligation, two distinct avenues of organization will be utilized - - competitive sports and intramurals. The highest standards of sportsmanship will be stressed in each of these programs and equal opportunities will be available for all students.

We believe athletics are an important part of the school physical education program. We believe that the experience of playing athletic games should be a part of the education of all children and youth who attend elementary schools.

Participation in sound athletic programs contributes to health and happiness, develops physical skills and emotional maturity and promotes social competence and moral values.

We believe athletic participation can help teach the values of cooperation as well as the spirit of competition. Athletics may also exemplify the value of the democratic process and fair play. Through team play the student athlete often learns how to work with others for the achievement of group goals.

Expectations of Athletes

The head coach of each sport should review behavior expectations outlined in the GCCS Elementary Athletic Handbook and review expectations listed below with all athletes.

Athletic teams represent the school and are a source of school pride. Athletes are recognizable in the community and often serve as role models for other students. They are expected to exhibit standards of high character and behavior both in and out of school beyond what normally would be required of other students.

Participation in the athletic program is a privilege which carries with it varying degrees of responsibility, recognition, and reward. Participating student athletes represent their school and other members of the student body; and it is their duty to conduct themselves in a manner that is positive for self, family, and school community.

The principal has the discretion to enforce stricter penalties for offenses deemed more serious. In cases that involve exceptional circumstances, principals may accept an appeal.

FINAL FORMS

Greater Clark Elementary Schools has partnered with FinalForms, an online forms and data management service. FinalForms allows parents/guardians to complete and sign athletic participation forms for their students. FinalForms saves data from season to season and year to year, meaning parents/guardians will never need to enter the same information twice! FinalForms also pre-populates information wherever possible, for students in the same household which saves time for the parent/guardian when registering multiple students.

ALL parents must register their athlete(s) using FinalForms. There will be a one-time yearly fee of \$5.00 for athletes who are listed on elementary team rosters.

Parents/guardians may create an account, register their athlete(s), and sign athletic forms at: <http://greaterclark-in.finalforms.com>.

Attach the special rules to the official's checks.
2. Coaches should substitute players and slow the pace of the game in order to "hold the score down" when one team proves to be much better than the other. Games with a lopsided score should be seen as an opportunity for both teams to substitute players that typically receive less playing time.
3. The official basketball is the leather Wilson Evolution 28.5. The home school shall provide the official basketball.
4. Before the start of the game, coaches should exchange line-up cards with player numbers and positions for the first and second quarter starters. Coaches should also ensure that all of the eligible players are listed in the book with the correct last name and number.
5. A referee/coaches clinic will be scheduled at the beginning of the school year.

TOURNAMENT

1. A seeded tournament will be held for all schools. League standing will be used to assign teams to the brackets. See Appendix A.
